

"From little Acorns, mighty Oaks do grow."

Community Outreach 2019"

Dear Sicomac Parents,

We will be collecting disposable/recyclable plates, spoons, forks, cups & napkins (*no Styrofoam please*) for this years Community Outreach effort in order to help Camp Acorn with their year around programs.

Camp Acorn serves children and adults with developmental disabilities through year round enrichment programs. Their award winning programs are currently serving over 120 families from Bergen and Passaic counties. Camp Acorn's mission is to provide a supportive environment through enrichment programs that address the physical, emotional, and social well-being of children and adults with developmental disabilities. Their programs help campers build self-esteem, confidence, and life skills that branch into all aspects of their lives.

We are looking forward to sharing some Sicomac kindness with Camp Acorn with your help. Please send donations with your children, a collection bin will be placed by the main office February 1st, we will be collecting through to February 15th.

Many Thanks,

Marilyn Garcia – ourgarciafamily@yahoo.com
