Here's what the "Case for Chess as a Tool to Develop Our Children's Minds" says. "Chess can:

- * Foster critical, creative, and original thinking;
- * Raise IQ scores;
- * Enhance reading, memory, language, and mathematical abilities;

Given these benefits, the author concludes that chess is one of the most effective teaching tools to prepare children for a world increasingly swamped by information and ever tougher decisions.

**Chess class is from
4-5pm.**

***Chess Instruction for
tournament play for national
ranking is available!***
